

What is NUTRASONIC sonic cleansing?

NUTRASONIC

- ❑ Nutrasonic is the sonic technology proven to gently yet effectively loosen dirt and oil to clear your pores. The Nutrasonic Skin Cleansing Brush uses a patented sonic frequency of 400 movements per second to clean, soften and smooth your skin.
- ❑ In just 60 seconds a day, the Nutrasonic micro-massage action cleans more than twice as effectively as manual cleansing.
- ❑ In addition to cleaner skin with the Nutrasonic , you'll notice a reduction in the appearance of pores, improved skin tone, a reduction in the appearance of fine lines and wrinkles, and improved absorption of serums and moisturizers.
- ❑ Nutrasonic offers a safe, gentle and natural way to cleanse your skin without any harsh abrasion or chemicals. The sonic technology is so gentle and effective that it is used and recommended by luxury spas and leading dermatologists across the United States.
- ❑ Nutrasonic is the sonic revolution that delivers clear, soft, smooth and younger-looking skin. The way you cleanse and care for your skin will never be the same.
