**SkinMedica**

Introducing  
**Biometa Essential Serum™**  
AS PRESCRIBED BY YOUR SKIN

# ADVANCED BIO-SCIENCE THAT UNLOCKS THE BODY'S OWN ANTI-AGING PROCESS.

**Biometa Essential Serum™** is the result of years of innovative scientific research and clinical studies, which targets the skin's critical, natural aging pathways. In place of introducing external compounds to mask the signs of skin aging, Biometa Essential Serum unlocks one's own anti-aging potential.

\*Unretouched photographs of subject at baseline and after twice daily use of Biometa Essential Serum.

**HOW DOES IT WORK?** *In vitro* studies, demonstrate that Biometa Complex helps to influence "key" genes that are fundamental to the anti-aging cascade.

# TWO DISTINCT CHAMBERS TOGETHER FORM ONE BREAKTHROUGH ALL INCLUSIVE SKIN CARE TREATMENT.

## Chamber 1 Biometa Complex

Bioscientifically designed and developed by SkinMedica® with novel ingredients, featuring Pichia Pastoris Ferment Filtrate to unlock the potential to your skin's inherent regenerative qualities.

## Chamber 2 APS Corrective Complex

### Peptides: Extracellular matrix building

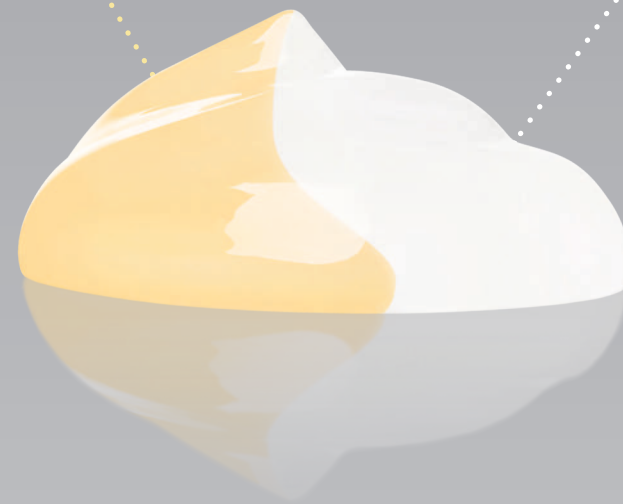

- Dipalmitoyl Hydroxyproline
- Palmitoyl Tripeptide-5
- Hydrolyzed Silk

### Antioxidants: Free-radical scavengers

- Ergothioneine (EGT)
- Ubiquinone (Coenzyme Q10)
- Tocopheryl Acetate
- Tetrahexyldecyl Ascorbate
- Rubus Fruticosus (Blackberry) Leaf Extract
- Camellia Sinensis (Green Tea) Leaf Extract

### Specialty Ingredients

- Alpha-Arbutin: Skin lightener
- Hyaluronic Filling Spheres: Immediate filling of fine lines

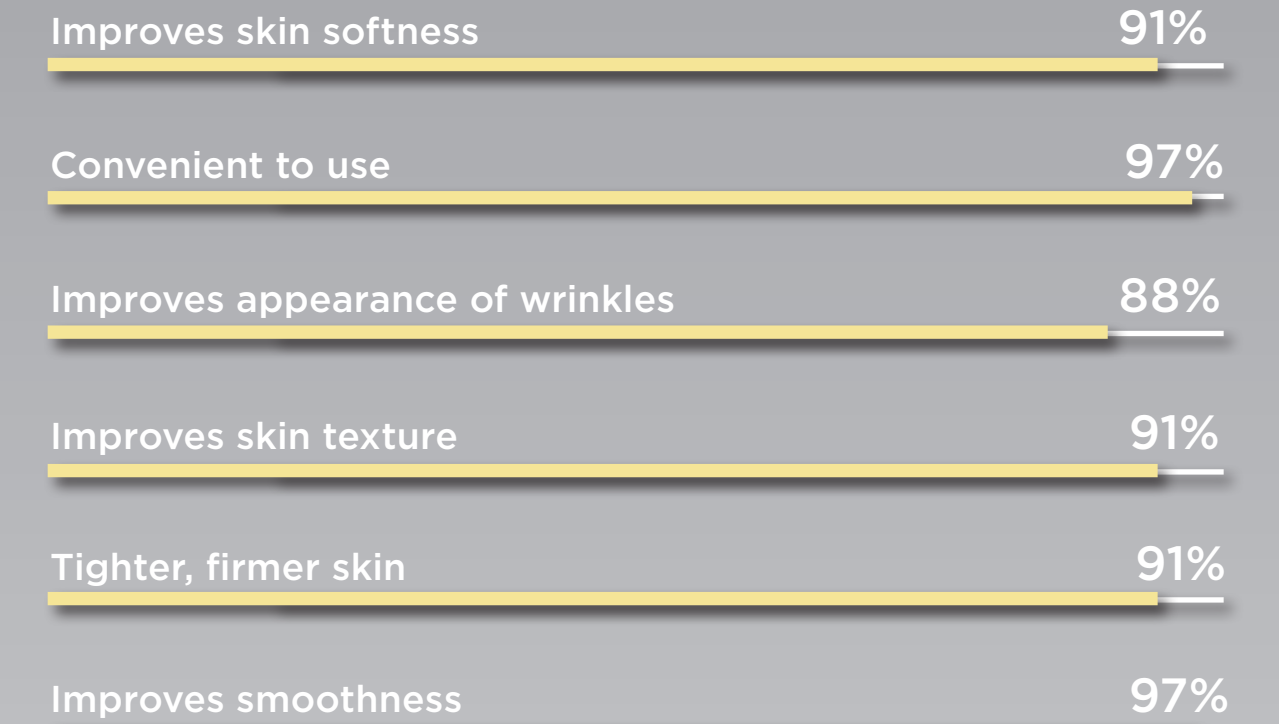

## SIMPLIFY PATIENT REGIMEN

One powerful product incorporates two chambers...

1. Biometa Complex in one chamber
2. Peptides, anti-oxidants, and specialty ingredients

Significantly addresses all the signs of aging in one simple-to-use bottle of Biometa Essential Serum.

## PATIENT SATISFACTION REVOLUTIONIZED

## ENSURE PATIENT COMPLIANCE

A simple regimen ensures product usage compliance. High patient satisfaction results attest to the convenience of this all inclusive skin care treatment.

Compliance → Efficacy → Patient Satisfaction & Repurchase
