- “ I just wanted to write and tell you that RevitaLash really does work! I'm sure you are not surprised, but after more than ten years with short, thin and stubby lashes, it's amazing to me that your product has honestly helped me. Now, I feel and look so much better! I will definitely order again when I run out. It's amazing to me that such a small container lasts so long. . It's simple to use, takes just a minute or so to apply, and I've had no irritation or other problems. Thanks again for this incredible product. Too often, consumers spend money on things that just don't work. I am delighted that my money was very well-spent, indeed. Feel free to use this testimonial any way you see fit. Other people need to know that you are an honest company with a wonderful product.” — Judy, Washington
