— LABORATORIES —
TEOXANE
GENEVA

Swiss firm TEOXANE Laboratories

are specialists in the manufacture of injectable dermal fillers.

The **100% hyaluronic acid-based TEOSYAL** range is used by **dermatologists** and **plastic surgeons** in **over 80 countries** worldwide. On the strength of their expertise, **TEOXANE Laboratories** have **expanded their range** of injectable anti-aging products with a **cosmetics line** based on **microspheres of hyaluronic acid** that settle at the bottom of wrinkles and fill them effectively.

TEOSYAL COSMECEUTICALS

TEOSYAL COSMECEUTICALS ETHICAL CHARTER

- Innovative, powerful formulas designed to optimise the performance of active agents and skin tolerance
- Hypoallergenic products
- Tested under dermatological control
- Paraben-free
- Phenoxyethanol-free

The benefits of hyaluronic acid

The quality and quantity of hyaluronic acid naturally present in the skin diminishes with age.

The **skin** becomes **dehydrated**, tissue sags and the first wrinkles appear. It is possible to recover firm, well-toned skin by replenishing it with hyaluronic acid, which transforms the skin from the inside out.

Teosyal Cosmeceuticals is a unique range of 4 revolutionary and innovative treatments which have been specially formulated for this purpose. They are designed for:

- Effective, in-depth action to lessen the signs of aging
- Correcting and covering skin imperfections
- Preparing the skin for cosmetic injections

FILL YOUR WRINKLES AND THOROUGHLY MOISTURISE YOUR SKIN

ADVANCED FILLER

NORMAL TO COMBINATION SKIN
DRY TO VERY DRY SKIN

ADVANCED FILLER is an **anti-wrinkle, anti-aging skincare treatment which protects cell DNA**. It restructures targeted areas of the skin with its **exclusive combination of innovative active agents** – bio-peptides and hyaluronic acid microspheres of high and low molecular weight – which enter deep into the skin and fill with water, filling out the wrinkles from the inside and forming a protective moisturising film.

Its **overall anti-aging action** has a **significant, in-depth effect on wrinkles**. The soft texture of the cream means it is easily absorbed into the skin, giving it a pleasant, comfortable feeling.

Powerful formula acts at the heart of the wrinkle

EFFECTIVENESS PROVEN BY INDEPENDENT CLINICAL STUDIES

- **Wrinkle depth decreases by as much as 52%¹**
- **Wrinkle volume decreases by as much as 56%¹**
- The **skin's lipid barrier is intensely renewed** and its **smooth complexion restored**
- In **less than 10 days²**, the skin begins its **restructuring process** at the dermal-epidermal junction.
- **Right from day one**, the **cells are protected from free radicals**, the molecules responsible for skin aging²

RESULTS The skin is **plumped, firmed up** and **moisturised³**. **Wrinkles** which have been **injected** previously remain **filled for longer**.

COVERING REPAIR

COVERING REPAIR is a **compact skincare treatment** that effectively **corrects skin imperfections** thanks to its active formula (hyaluronic acid, extract of arnica, strong concentration of colour pigments). **COVERING REPAIR** is particularly recommended for covering redness, spots, dark under eye circles and as a **post wrinkle-filling injection skincare**. Its soft, creamy texture creates a natural-look finish.

Innovative formula
brightens the skin tone

RESULTS Thanks to this unique formula, **imperfections are corrected**. The **complexion is enhanced, bright and radiant**.

- 1 - Tests conducted in France on 40 volunteers aged between 45 and 70, for 42 days
- 2 - Ex vivo tests, the model closest to human skin
- 3 - Hydrates the upper layers of the skin

PRE/POST INJECTION

PRE/POST INJECTION is a formula which prepares your skin for aesthetic treatments, as well as soothing and regenerating your skin after the procedure. Its light texture provides a pleasant sensation of coolness.

A concentration of innovative active agents

EFFECTIVENESS' PROVEN BY INDEPENDENT CLINICAL STUDIES

- **Within 48 hours, the skin is regenerated**
- The skin is **less sensitive** and **reactive** thanks to **effective soothing action**
- The Pre/post Injection treatment **prevents** and **attenuates** the **appearance of redness**

RESULTS

This treatment prepares the skin for injections, **soothing post aesthetic treatment irritation**. Right from the **2nd day of application**, the **skin is regenerated**. The skin is soothed and quickly regains its natural appearance.

RESHAPE THE CONTOURS OF YOUR FACE AND
RESTORE ITS BALANCE WITH A SIMPLE INJECTION

TEOSYAL FILLERS

- Spectacular filling action in just a few minutes
- **Immediate, long-lasting, natural** results which improve with every treatment performed by your doctor

Before a treatment session

After a treatment session

results 12 months following treatment results 18 months following treatment

After a treatment session, signs of fatigue disappear, the face oval is redefined, the skin is illuminated and its rounded shape is restored

RESULTS TEOSYAL Fillers help you **stay young for longer** while respecting your **natural personality, features and expressions.**
