

Flavo-C Flash 2x3ml

Flavo-C Flash is formulated with a powerful protein complex that dries within minutes forming an invisible flexible gel film that provides an instant tightening and smoothing effect on the skin. The appearance of fine

lines and wrinkles can be visibly reduced. This effect can last for 5 to 6 hours after one application. Flavo-C Flash is perfect for those special occasions when you need to look your best and is particularly suitable for use around the eye contour.

Active Ingredients

PVP Polymer
Serum Albumin

Directions for Use

Apply one drop of Flavo-C Flash onto your finger and gently dab onto required area. Continue to apply in the same manner to all areas that require treatment. Once effect has taken place (5-7 minutes), make-up can then be applied.

NEW Flavo-C Mask 50ml

A purifying and exfoliating gel that is applied thinly over the face and neck. Leaving it on the skin for 15-20 minutes allows the gel to form a flexible cooling mask and the Zinc, Copper and Magnesium to purify the skin. The mask can be gently peeled from the skin exfoliating and helping unblock pores as it goes, leaving the skin refreshed and cleansed.

Active ingredients

Zinc, Copper, Magnesium
Vitamin C
Menthol

Directions of use

Apply gently and evenly over the face ensuring all areas are covered. Leave for 15-20 minutes until the gel has formed a flexible mask. Starting at the edges gently peel the mask away from the skin in a smooth, gentle, upward motion and gently cleanse to remove any remaining mask. Use once or twice a week after cleansing and toning the skin and before applying anti-ageing treatments such as Flavo-C Serums.

Flavo-C

essential anti-ageing treatments

Flavo-C - essential anti-ageing treatments

As we age collagen formation is reduced and the skin's elasticity decreases. Exposure to environmental elements like sunlight, air pollution and smoke cause oxidative damage to the skin accelerating the ageing process.

Vitamin C (Ascorbic Acid) is the skin's most effective natural anti-oxidant and is essential for photo-damage repair and for the formation and stabilisation of collagen. Vitamin C levels decrease significantly as we age; most rapidly in the face and UV exposed skin. L-Ascorbic Acid is the form of Vitamin C that is proven to penetrate, protect and repair the skin.

Flavo-C Serums provide essential anti-ageing treatments. They are expertly formulated to optimise the efficacy of L-Ascorbic Acid and provide powerful plant-derived anti-oxidants.

With regular twice daily use these great feeling serums elevate and stabilise Ascorbic Acid skin levels, helping improve collagen structure and provide essential photo-damage defence and repair.

Flavo-C Serum
A powerful formulation of 8%
L-Ascorbic Acid and Ginkgo biloba.

Flavo-C Forte Serum
A potent formulation of 15%
L-Ascorbic Acid and G,V&G complex.

Flavo-C Serum 15ml

A unique powerful formulation of L-Ascorbic Acid 8% and high-strength Ginkgo biloba extract, in a silky smooth serum. Rapidly absorbed Flavo-C Serum is proven to significantly increase the skin's Vitamin C levels providing elevated and stable levels of this skin-essential anti-oxidant and collagen booster. Flavo-C Serum is suitable for all adult skin types, its prescriptive daily use as an essential anti-ageing treatment will leave the skin feeling soft and

improve its tone and texture with the visible reduction of fine lines after as little as 2 months regular use.

Active Ingredients

L-Ascorbic Acid 8%
Ginkgo biloba extract
pH: 3.0

Directions of Use

For best results apply morning and night to clean dry skin. Disperse a drop of serum onto your finger and gently massage into the required area and allow to absorb. Continue to apply in the same manner to all areas that require treatment. Flavo-C Serum can be applied to the face, the eye contour and décolleté. Flavo-C Serum is suitable for all skin types.

Flavo-C Forte Serum 15ml

A unique high-strength potent formulation of L-Ascorbic Acid 15% combined with a skin boosting combination of natural plant derived flavonoid and polyphenol anti-oxidants. The skin boosting natural G,V&G complex contains Ginkgo biloba, Vitis vinifera (Grape seed), and Green tea extract. Flavo-C Forte combines the power of nature with the proven clinical benefits of high strength L-Ascorbic Acid and is suitable for more mature and photo-damaged

skin. Its prescriptive use as an essential anti-ageing treatment will help improve skin tone and texture with the visible reduction of fine lines after as little as 2 months of regular use.

Active Ingredients

L-Ascorbic Acid 15%
Ginkgo biloba extract
Vitis vinifera extract
Green tea extract
pH: 2.0

Directions of Use

For best results apply morning and night to clean dry skin. Disperse a drop of serum onto your finger and gently massage into the required area and allow to absorb. Continue to apply in the same manner to all areas that require treatment.

Flavo-C Forte Serum can be applied to the face, the eye contour and décolleté. Flavo-C Forte Serum is suitable for all skin types.

Flavo-C Cream 30ml

Flavo-C Cream is a powerful anti-ageing moisturiser formulated to provide intensive skin hydration leaving the skin soft, supple and enriched. Used in conjunction with Flavo-C Serums, Flavo-C Cream can assist in the effective penetration of Vitamin C into the skin.

Active Ingredients

Hyaluronic Acid
Hydrating Complex

Directions for Use

Massage cream morning and night over entire face and neck. When used in conjunction with Flavo-C Serums, apply serum first and allow to absorb. Once serum is absorbed apply cream.

NEW Flavo-C Tonic 200ml

A purifying and soothing toning lotion containing Glycolic Acid and Phytic Acid to purify, and Marine Elastin and Aloe Vera to tone and soothe the skin. Flavo-C Tonic is ideal for daily use as part of an anti-ageing regime particularly before the application of Flavo-C Serums and as part of a prescribed skincare regime purifying and toning the skin in preparation for a medical aesthetic procedure.

Active ingredients

Glycolic Acid
Phytic Acid
Marine Elastin
Aloe Vera

Directions for use

Liberally apply Flavo-C Tonic to a cotton wool pad and use on the face, neck, décolleté wiping the area of skin in a gentle upward motion, paying particular attention to the T-zone. Replace the cotton wool pad, applying fresh Flavo-C Tonic as often as required. Use on cleansed skin before the application of Flavo-C Serums and moisturisers.
