

The HydroPeptide® Philosophy

A Multifunctional Approach

Purify and exfoliate with alpha hydroxy acids, enzymes, zinc, magnesium and copper

Relax with Botox-like peptides that reduce wrinkle causing muscle contractions

Nourish skin with amino acids, vitamins and minerals

Stimulate cell communication with peptides for increased collagen, hair growth, etc

Hydrate and condition skin and hair with hyaluronic acid, glycerin and ceramides

Protect skin from collagen breakdown and DNA damage with antioxidants

***These symbols identify what action each HydroPeptide® product performs and also provides a clear guide on what's needed for a complete and healthy skin care regimen.**

Paraben Free, Phthalate Free, Cruelty Free
