

RESURFACE

NeoStrata® Smooth Surface Daily Peel

Build the benefits of a peel into your daily routine with our one-step peel

NEW

From the creators of the original Glycolic Acid Peel

- **Glycolic Acid** exfoliates and increases cell turnover to clarify pores, refine skin texture and improve skin tone.
- **Patented revolutionary Aminofil®** builds skin's natural volume and visibly reduces the appearance of lines and wrinkles.
- Easy one-step pad does not require rinsing or neutralizing. Moisturizer and makeup can be applied immediately after use, with no downtime.

Enhances skin clarity and texture

- Daily home use peel
- Refines skin texture
- Improves skin tone
- Visibly reduces the appearance of fine lines and wrinkles
- Fragrance-free
- Dermatologist developed

Smooth texture & Even Tone

DIRECTIONS:

- Pour the entire bottle of the solution onto the jar of pads
- Wipe pad over cleansed face every evening, avoiding lips and eyes
- Gently massage in any remaining fluid
- Follow with a NeoStrata cream as desired

Ingredient	Mechanism
Aminofil® 0.5%	Patented amino acid derivative helps increase collagen and hyaluronic acid to plump, firm and reduce the appearance of lines and wrinkles.
Glycolic Acid 10%	Increases cell turnover to clarify pores, refine skin texture and improve skin tone.
Arginine 2%	Amphoteric amino acid used to help adjust formulation pH and increase product gentleness (reduce sensory irritation).
Solution Vehicle	Hydro-alcohol based solution vehicle quickly penetrates skin. Paraben free, fragrance free, oil free. (Contains 5% alcohol).

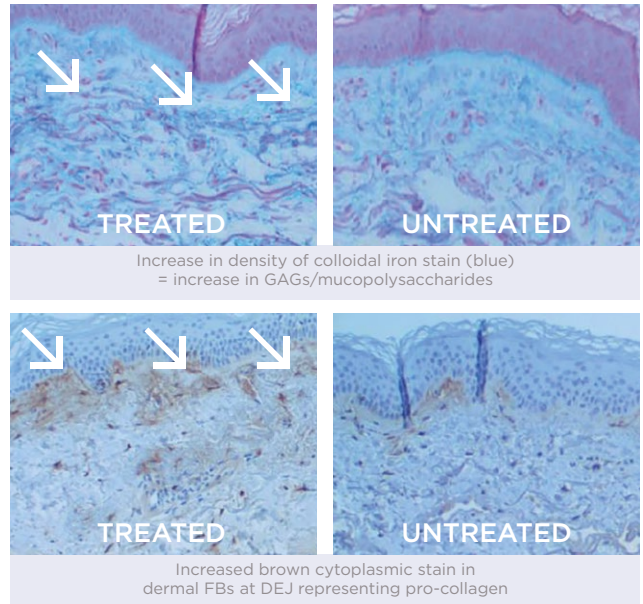

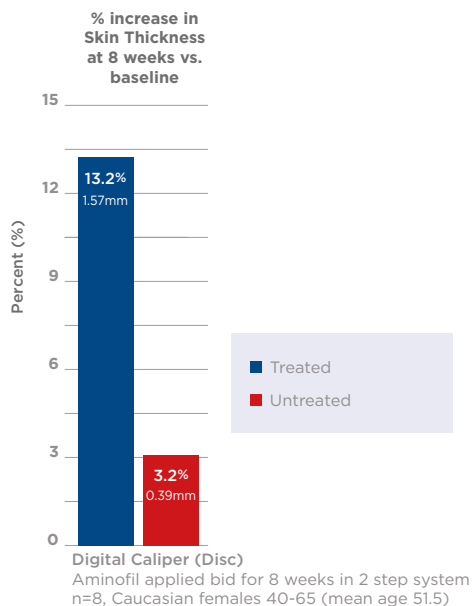

PASSION FOR SKIN CARE.
PROVEN BY SCIENCE.

Aminofil®:

Aminofil® Significantly Improves Skin Thickness

Glycolic Acid:

Smallest AHA molecule derived from sugar cane

- **Highly Effective Exfoliation**
 - Reduces epidermal turnover times and optimises keratinisation
- **Anti-aging Agent**
 - Increases epidermal and papillary dermal thickness
 - Improves the quality of elastin fibers
 - Improves the density of collagen fibers
 - Enhances skin firmness and elasticity, reduces appearance of fine lines and wrinkles
 - Promotes the production of glycosaminoglycans (GAGs) to build volume and plump skin, which smooths wrinkles from the inside out
- **Pigmentation Inhibitor**
 - Decreases melanin clumping to improve skin clarity

NeoStrata® Smooth Surface Daily Peel

Smooth texture & Even Tone

- Build the benefits of a peel into your daily routine with our one-step peel
- Ideal for use between in-clinic peel treatment courses
- A home use NUTRITIVE peel - ideal for use with NeoStrata's clinically proven skin care products
